

**Remove Concrete Build up  
Ready Mix Trucks, Concrete  
Pumpers and Equipment.  
100% Acid-free**

# REDI-CONCRETE REMOVE

## Product

Synpro Redi-Concrete Remove is an acid-free, biodegradable, proprietary formula that will remove hardened concrete from Ready Mixed Concrete Trucks, Pumps and equipment.

Synpro Redi-Concrete Remove contain no Hydrochloric, Phosphoric nor Sulfuric Acid.

With a potency that outperforms commonly used acids like muriatic, Synpro Redi-Concrete Remove will still not cause damage to equipment or paint nor will it corrode metal parts.

## Easy to use

Dilute Redi-Concrete Remove to preferred ratio, wet Truck or Equipment, apply solution, let sit and saturate for about 10 mins agitate and rinse with clean water.

## Advantages

Synpro Redi-Concrete Remove provide numerous benefits to the user:

- . 100% Biodegradable
- . Patented Technology
- . Powerful formulation that works
- . Non-Regulated by D.O.T.
- . Meets USDA authorization code A1-A4,A7,A8,C1,G6,G7
